Good Cop, apart from his final directives that no one asked for, he was quite good.

Why did the young security guard drive around in the scooter while making the old security guard walk everywhere? That police officer was exactly how a police officer should conduct himself, kudos to him.

[samuel cheverez](#) 3 months ago

Finally an educated officer.

[Kram Conley](#) 4 months ago

A wooden gavel with a dark handle and two rounded, light-colored heads rests on a scroll of the US Constitution. The scroll is unrolled, showing the text 'We the People' and '1st Amendment'. The word 'QUESTIONS?' is written in large, white, bold, sans-serif capital letters across the center of the image, partially overlapping the gavel and the scroll. The background is dark and moody, with the scroll's text in a cursive font.
