Texas Government Code

Chapter 522: POLICY

Under the fundamental philosophy of the American constitutional form of representative government that adheres to the principle that government is the servant and not the master of the people, it is the policy of this state that each person is entitled, unless otherwise expressly provided by law, at all times to complete information about the affairs of government and the official acts of public officials and employees. The people, in delegating authority, do not give their public servants the right to decide what is good for the people to know and what is not good for them to know. The people insist on remaining informed so that they may retain control over the instruments they have created.

Illegals think they are proprietors in America. They think that, since there are so many of them in America, we can't deport them all.

So let's show them what American law is capable of, when fully enforced!
Let's elect Trump and watch their sorry asses being deported all over America!

The establishment thinks they can treat us like stupid sheep but they are wrong. We won't put up with this anymore. The corrupt media does not talk about the crimes committed by Killary Rotten Clinton, neither does it mention the leaked emails but it would rather keep on kicking around some outdated tapes feat...
